EXPERIENCE

Front End Developer – Finalist at Hackathon Talent Arena

Hackathon Talent Arena MWC 03/2025 Barcelona, Spain
https://github.com/OscarBF11/Hackathon-Team15

- Developed interactive and responsive interfaces using React.js, JavaScript, and CSS, ensuring compatibility with mobile and desktop devices.
- Implemented reusable components and optimized application performance, reducing load time by 20%.
- Collaborated closely with the backend team to integrate RESTful APIs, ensuring smooth communication and a consistent user experience.
- Participated in daily SCRUM meetings and contributed to solving technical issues in record time.

Front End Stack Game

Personal Project 2025 Barcelona, Spain
https://annahico.github.io/Stack-Game/

- Developed a complete web game using HTML, CSS, and JavaScript, featuring responsive design and cross-browser compatibility.
- Implemented dynamic mechanics and user-centric interaction logic.
- Applied accessible design principles and compatibility testing to enhance game performance.

Front End Developer

Adopta un Valenciano 11/2024 - 01/2025 Barcelona, Spain
https://adoptaunvalenciano.es/

- Developed a React-based web platform to connect volunteers with community initiatives, improving usability and accessibility.
- Created modular components (forms, interactive cards) and used Context API to manage application state efficiently.
- Worked in an agile (SCRUM) environment, delivering key features such as advanced filters and a real-time notification system.
- Conducted usability testing and debugging, ensuring a smooth and error-free experience.

High School Teacher

Consorci Barcelona 2022 - 2025 Barcelona, Spain

- Increased class participation by 15% through the implementation of interactive and technological tools.
- Designed digital resources and pedagogical approaches that improved content comprehension by 25%.
