PROFESSIONAL PROFILE

Junior Full Stack Developer with a solid background in education, specialized in translating complex requirements into functional technical solutions. I bring advanced analytical thinking and **professional English proficiency** (C1-C2) to foster cohesion in global teams. My core value lies in adaptability and a firm commitment to software quality under **Agile/Scrum** methodologies.

EDUCATION

09/2024 - Present

Higher Degree (HND) in Web Application Development (DAW)
Jesuïtes FP - UOC.
- *Focus: Microservices architecture, advanced security, and performance optimization.*

10/2025– 04/2026

Bootcamp Full Stack Developer (850h)
Factoría F5 FemCoders.
   Building **SPA**s and **REST APIs** with **Java, SQL, React, Node.js,** and **Scrum**.

10/2024 – 06/2025

Bootcamp Data Science (600h)
The Bridge
- *Specialization: Data processing with **Python** and **Machine Learning** models.*

09/2016 – 07/2021

Bachelor's Degree in English Studies
Universitat de Barcelona (UB)

KEY PROJECTS

20/02/2026

FullStack EcoImpact 360 Hackathon Capgemini
- Designed and managed relational databases using **Spring Boot (Hibernate)**.
- Built a scalable **REST API** using **Java Records** for data transfer (**DTO**s) and implemented a global error handling system.

13/02/2026

Backend Library Grupal Project (Java)
- Developed architecture using the **DAO pattern** and managed **SQL** databases via **JDBC.**
- Implemented business logic and security validation.

19/12/2025

Frontend Sakura Tarot Grupal Project (React)
- Created user interfaces with **React** and **Tailwind CSS**.
- Integrated **REST APIs** and executed testing to ensure code quality.

ANNA COSTA
